

TEMPERED PET FOR BACK CAMERA BY VOLTE-TEL

The "invisible" shield of **VOLTE-TEL** will protect your mobile phone's back camera from everyday wear and tear, scratches from a simple "drag on the table", dust and fingermarks. With Transparent **TEMPERED PET** of **VOLTE-TEL** you can use your mobile's back camera exactly as you have done so far, because it is completely transparent so as not to lose the definition of the camera and its focus. Apply it easily to your mobile phone's back camera and avoid any unpleasant effect that could affect the efficiency of your mobile's back camera.
