

LIME POWER SOCKET ADAPTER LS-3ADW 250V 16A WITH CHILD SAFETY

The new power plug adapter from **LIME SUCCESSORIES LS-3ADW 250V 16A** allows you to be even more flexible with your electrical appliances. Includes **3 pass through power sockets** mounted on the strip chassis with a **45 degree angle** so you can use **all of them simultaneously even with 90 degree angled power plugs**. It comes with **gold plated contacts** for better conductivity and **child safety** so foreign objects won't be inserted in the power supply. It's specifications make it **suitable for using all power sockets at the same time** avoiding any cable entanglement.

This **LIME SUCCESSORIES LS-3ADW** adapter is manufactured with the **highest quality standards**, with maximized performance and total reliability it ensures **smooth and uninterrupted operation**.

Technical Characteristics:

Fits straight to a wall power plug
